

After two years, we have opportunity to meet at scientific event – the 22<sup>nd</sup> IGWT Symposium, organized by the Faculty of Commerce, University of Economics in Bratislava, Slovakia.

The 22<sup>nd</sup> IGWT Symposium titled ***EQUIPE – Ecology, Quality, Usability and Innovation in Product Environment*** will take place in Bratislava, the capital of Slovakia, and in Piešťany, one of the oldest and most famous Slovak spas.

The focus of the Symposium results from the fact that the global social and economic development requires to pay increased attention to product quality and innovations as important elements of competitiveness. Currently, the environmental requirements on life cycle of products are considered to be as important as sustainable production and consumption.

We cordially invite you to participate in our scientific conference and we are looking forward to meeting you on September 14 – 18, 2020 in Bratislava and in Piešťany.

Marta Karkalíková  
and Organizing Committee
